

2661

(My dear Mr Bunker,)

I thank you for your kind letter of the 12th August 1961 and I am most grateful to you for the interest you are taking in fixing up engagements for me with several universities. For the present the six universities you have thought of appear to be quite sufficient.

Recently I had an occasion to meet Mr Galbraith at Madras. *I have had a shock* He too has promised *that just to know him I have not desired* to help me in my plans in the States. Thank *Mr Galbraith* you very much for kindly asking to interest himself in my case.

My Mother and Her Highness the Maharani join me in sending our warm regards to Mrs Bunker and yourself,

(Yours sincerely,)

Mr Ellesworth Bunker,
Putney,
Vermont

Draft most respectfully submitted.
